

April 8, 2020

Please be advised that effective immediately, all municipal services installed in a driveway must be sleeved or have expansion material installed around the piping.

If you fail to install the servicing to these parameters for any 2020 permit and beyond, you will be required to comply install same, at your expense and your building deposit will be withheld until you achieve compliance.

If you have any questions, please call Elizabeth Cummings or Al Little at (519) 845-3939.

Thank you for your cooperation.

The Town of Plympton-Wyoming
