

Thank you for stopping by the Town of Plympton-Wyoming Fire Department website. We would like to take a minute to share with you a little about our group of firefighters and their commitment to the community.

We have a team of 56 firefighters that work out of two stations, Camlachie and Wyoming. Our firefighters work tirelessly to ensure residents of the Town and all our visitors are safe and we will be there to help should the need arise.

Our stations are well equipped to handle a wide range of emergencies.

There are three foundations upon which our fire service delivery meets the ongoing needs of the Town: Prevention, Education and Emergency Response. We train in all three foundations to ensure we continue to meet the needs of those we serve.

Our Town is proud of the firefighters that are the pillar of our fire department. They are a dynamic and diversified group that responds 24/7 should the need arise. Visit our town website if you want to explore the opportunity of joining our department.

If you are in the area of one of our fire halls and you see are firefighters there, please stop by for a tour and/or look at our fire apparatus. We enjoy the opportunity to share our passion and knowledge of the fire service and how we can help keep your family safe.

Services Provided by the Plympton-Wyoming Fire Department:

- Exterior and interior fire attacks as conditions permit
- Search & Rescue within structure fires
- Motor vehicle accidents and extrication
- First responder pre-medical care including CPR and defibrillation
- Post fire procedures (salvage & overhaul) to minimize fire damage
- Rope Rescue Operations
- Emergency Preparedness

From all of us at the Plympton-Wyoming Fire Department, have a Fire Safe day!

Sincerely

Darryl Thompson  
Director of Emergency Services/Fire Chief
