WYOMING PUBLIC CEMETERY MEMORIAL SERVICE IN HONOUR OF DECORATION DAY

The Town's annual Decoration Day Service will be held Sunday, June 9th, 2024 at the Wyoming Public Cemetery (450 Isabella Street, Wyoming) beginning at 2:00pm. In the event of inclement weather it will be held at the Wyoming Legion (493 Erie Street, Wyoming). Decoration Day is a time honoured tradition where families visit the cemetery to pay respects to their loved ones by tidying up gravesites, cleaning cemetery memorials and placing floral tributes.

Visit the Town's website for more information! www.plympton-wyoming.com/cemeteries/

SMOKE ALARMS ARE THE FIRST LINE OF DEFENSE IN FIRE ESCAPE PLANNING

When was the last time you checked your alarms? Alarms should be checked and tested regularly by pressing the “test” button. Smoke alarms should also be dusted/vacuumed every six (6) months.

HELP KEEP OUR ROADS IN THE BEST POSSIBLE CONDITION!

Landowners are encouraged to not spread grass and mud on the roadways:

- Damp grass blown onto a gravel road can clump together and, if graded into the gravel, can aid in creating potholes.
- Vegetation on the road can lead to organic debris getting into the gravel and slow drainage from the road.
- Tracked mud and damp cuttings blown onto a hard surface road can reduce the traction for vehicles, especially if they had to brake.
- Blowing cuttings toward the road creates a risk that a mower could shoot a stone or other debris at passing people or cars. While many residents are good about stopping when people or cars are passing by, it might just be easier to adjust your mowing practices to blow clippings away from the road.

OFF ROAD VEHICLES (ORVs) & ALL TERRAIN VEHICLES (ATVs)

ORVs and ATVs are not permitted on roadways in Plympton-Wyoming, unless for permitted exemptions such as farmers conducting business. These vehicles are not allowed on the beaches or in/around beach accesses. Residents are asked to call the OPP for enforcement.

SOD REPAIR FROM SNOW PLOW DAMAGE

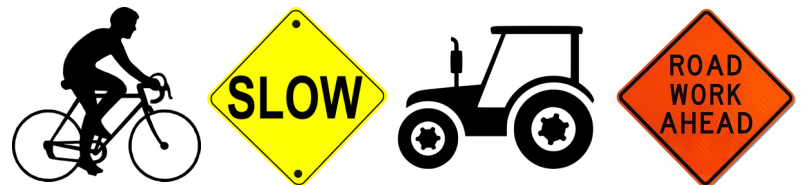

As lawns are starting to re-appear after the snow melts, you may notice damage to your lawn from plow blades. This happens more often when the ground doesn't completely freeze over the winter. Staff will repair damaged locations starting mid-April when the weather is appropriate for sod repair. To have your property put on the plow damage sod repair list, please call or email Chandra Sisson in Public Works at 519-845-3939 or csisson@plympton-wyoming.ca

KEEPING OUR COMMUNITY SAFE

Warmer days bring an increase in traffic, heavy equipment, tractors, and construction.

They also bring an increase in pedestrians, cycling and children playing outdoors.

So please, obey all traffic, construction and speed limit signs. Slow down and be mindful of your surroundings to ensure the safety of everyone in our community.

The Plympton-Wyoming Historical Society will be featuring a fresh display on Errol at the museum in Camlachie. It will focus on Captain George Hyde, first Reeve and Warden of Lambton County. The Military Room will feature D-Day this spring, 2024, just in time for the 80th anniversary. If any family members were part of this world event in 1944, please contact Don Poland or Gord MacKenzie www.plymptonwyomingmuseum.ca
