

**Application Fee:**

\$625.00 – Application Fee per lot (non-refundable)

\$220.00 – Certificate of Validation / Application (non-refundable)

**Other Fees:**

\$280.00 – Completion Fee / Deed Stamping Fee per lot, if consent is granted (non-refundable)

St. Clair Region Conservation Authority (SCRCA) Planning and Regulation Fees are available on their website [www.scrca.on.ca](http://www.scrca.on.ca) or by calling 519-245-3710. These fees are payable directly to the Conservation Authority and may be done over the telephone with a credit card. **The Planning Department will require comments from the SCRCA for any development proposed within lands affected by Ontario Regulation 171/06.** The SCRCA mapping can be used to determine if your property is affected by this regulation, [https://maps2.camaps.ca/GVH/index.html?viewer=SCRCA\\_Public.SCRCA](https://maps2.camaps.ca/GVH/index.html?viewer=SCRCA_Public.SCRCA)

\$100.00 – Lambton County – if septic evaluation is required (septic evaluation is required if the severed or retained portion of land has a private septic system)

\$55.00 – Minimum Distance Separation (MDS) Review Fee (if required)

\$550.00 – Development Agreement Due to Severance Fee, per lot (if required, non-refundable)

\$115.00 – Recirculation Fee (if required, non-refundable) – if the application requires a recirculation, due to the actions of the applicant (i.e. deferral, amendment, etc.), the recirculation fee must be paid before the Planning Department will recirculate the application. If the applicant is absent for the scheduled hearing of their application, the application may be deferred, and the fee must be paid before the application will be brought forth to a future meeting.

**Application Submission:**

It is recommended that the Planning Department review application material before formal submission. This review can take the form of email correspondence and/or telephone conversations with Planning Staff to assist in understanding and potentially advising on proposed consent. Applications will not be accepted without payment present at the time of submission. Applications will also not be accepted without a sketch (see page 6 of the 'Application for Consent' form).

If the property owner owns any lands abutting the subject property, a legal letter must be submitted with the application to confirm if the properties have/have not been merged on title as this may impact the application.

If the property is on a private septic system, the Assessment of Sewage Flows for Existing Private Sewage Disposal Systems form must be completed.

Applicant is responsible for gathering and providing required information/data for Minimum Distance Separation (MDS) formulae.

All measurements must be provided in **Metric Units**.

**Additional Costs:**

- Parkland Dedication - 5% of the Value of the raw land the day before the consent is granted (if applicable)
- Water & Sewer Assessment plus installation
- A Survey is required at the sole expense of the applicant
- Water and Sewer Frontage Fees for New Lots (as applicable)
- Other costs as applicable as per the conditions of the Committee of Adjustment

**Notification:**

All property owners within 60m of property line and appropriate agencies (sent 2 weeks prior to the meeting). Notice is also posted at the subject property.

**Public Meeting:**

Applicant gives presentation and answers any questions the Committee or members of the public may have with regards to the application.

**Decision:**

Usually, the decision is made during the public meeting while the applicant(s) are present. In the event the applicant is absent for a scheduled hearing, the application may be deferred by the Committee of Adjustment. The applicant must pay the recirculation fee before the application will be brought forth to a future meeting.

**Appeal Period:**

Objections may be received up to 20 days after the date of decision. Any formal appeals must be filed with the Ontario Land Tribunal. The Committee of Adjustment is the approval authority of any consent/severance applications to the Town of Plympton-Wyoming. If the Committee rejects an application, the applicant has the option to challenge the Committee's decision and may file an appeal with the Ontario Land Tribunal. All appeals are subject to an OLT Appeal Administration Fee of **\$300.00** due payable to the Town of Plympton-Wyoming, this fee is to be paid by the appellant.

**Finalization:**

Decisions of the Committee is final and binding after the appeal period has expired, and no appeals have been submitted. The lot layout due to consent/severance is not finalized until deeds have been stamped by the Secretary Treasurer of the Committee and said deeds have been registered by an authorized individual (i.e. lawyer).

**Condition Clearance:**

All conditions of the decision must be cleared within two (2) years of the date of decision, or the decision is voided (lapsed). In the event that an application lapses, a new application and associated fees will be required.

Applicants must meet all conditions of the Consent Decision **PRIOR** to the deed being stamped.

**COMPLETE APPLICATION CHECKLIST**

## ASSESSMENT OF REQUIREMENT TO SUBMIT AN APPLICATION UNDER PART 8 OF THE ONTARIO BUILDING CODE

The following circumstances dictate when an upgrade or replacement of an existing sewage system is necessary. An application for a sewage permit is required when:

1. The performance level of the existing building is reduced. The Ontario Building Code states that the performance level of a dwelling is reduced where the total daily design sanitary sewage flow of the dwelling exceeds the capacity of any component of the sewage system. The capacity of the sewage system must be evaluated when the construction:
  - increases the number of bedrooms in the existing home;
  - exceeds 15% of the gross area of the dwelling unit or;
  - adds new plumbing fixtures to the existing home.
2. The proposed structure will decrease the separation distance to the existing sewage system.
3. The sewage system is malfunctioning or is discharging sewage onto the ground or into surface water (e.g. Septic connections to agricultural field tiles and drainage ditches are not permitted).
4. The owner/agent is unable to answer either question 1, 2 or 3.

On the attached graph paper, please provide a sketch of the subject property showing lot dimensions, the location(s) of all buildings and structure and the location of the septic tank and leaching (show as much detail regarding the bed as possible - i.e. number of distribution pipes, length of tiles et cetera). If the size of the lot makes it impractical to show the entire property, focus on the area where the sewage system and dwelling are (to be) located.

**This office will conduct an inspection of the subject property. An inspection/administrative fee of \$100.00 is therefore required of the applicant to cover the cost of the septic system evaluation/inspection. If it is necessary to make application for septic approval to replace or upgrade the existing sewage system, the evaluation fee will be applied to the cost of the septic permit.**

**LOT DIAGRAM AND SEWAGE SYSTEM PLAN:** Draw to scale and indicate the direction of north.

- SHOW:**
- 1) Location of sewage system components (i.e. tanks, leaching beds)
  - 2) Horizontal distances from system to adjacent existing or proposed buildings, well water supplies (including neighbours'), existing on-site sewage systems, driveways, property lines, swimming pools and watercourses (including ditches).
  - 3) Lot dimensions, roads and topographic features (i.e. steep slopes, swamps)
